Learn Chinese
Free for Kids 6+

What we offer:
Our Chinese Program for Kids offers engaging learning to introduce children to the Chinese language and culture. Through writing, speaking, and other activities, our program aims to make learning Chinese both educational and fun. Kids will learn to recognize and write basic Chinese characters through interactive exercises. Our curriculum introduces characters gradually, building a strong foundation for future learning. Our program also emphasizes spoken Mandarin, with a focus on pronunciation and conversational skills. Kids will engage in activities that encourage them to speak and listen to Mandarin.

Activities:
- Writing Practice
- Speaking Practice
- Chinese Videos
- Games

Sunday, May 19, August 4, and November 3  - 1:00 P.M. - 1:45 P.M.
